Student Health and Safety Guidelines

Dear Parents and Guardians,

Our school is committed to providing a safe and supportive learning environment for all students. As a weekend community school, we do not have on-site medical staff or a school health office. For the safety and well-being of our students, we kindly ask for your cooperation with the following guidelines:

1. Health Responsibility of Parents

- ✓ Please check your child's health before sending them to school.
- ✓ If your child has a fever, persistent cough, or any contagious illness, keep them at home.
- ✓ Parents are responsible for informing the school of any medical conditions or allergies.

2. School's Role

- ✓ Teachers and staff are not medical professionals.
- ✓ The school does not provide routine health checks or administer medication.
- ✓ A non-contact thermometer and basic first-aid supplies are available for precautionary use.
- ✓ If a student shows signs of illness, parents will be contacted immediately.
- ✓ In an emergency, the school will call 911 and notify the parents right away.

3. Emergency Contact Information

- ✓ Please ensure that the school has your most up-to-date phone number and emergency contact details.

We appreciate your understanding and cooperation. Together, we can provide a safe and caring environment for all students.

Sincerely,

Dasom Korean School
Miyoung Choi Kim, Principal
